

#### REMARKS

Claims 1-18 were pending. Claims 2-3, and 11-12 are canceled. Claims 1, 4, 6-8, 10 13 and 15-17 are amended. No new matter is added. In view of the following remarks, Applicants respectfully request reconsideration of the rejections.

Claims 4, 6, 7, 8, 13, 15, 16 and 17 have been rejected under 35 U.S.C. 112, second paragraph as lacking antecedent support for the term "said inhibitor". The claims have been amended to recite "compound" and set forth in the base claim. Withdrawal of the rejection is requested.

Claims 1, 4, 5-10 and 13-18 have been rejected under 35 U.S.C. 112, first paragraph. The office action states that the specification is enabling for a method of preventing inflammation in a host *in vitro*, but questions Applicants' enablement of *in vivo* embodiments.

In order to further prosecution, Applicants have amended the currently pending claims to recite the use of an *in vitro* model, without conceding to the correctness of the rejection or relinquishing the right to refile claims of the original scope in a continuing application.

Withdrawal of the rejection is requested.
